- The course content is the same as the 2021 Summer Course.
- All lectures will be conducted in Japanese only.
- You can freely choose if you wish attend to one or multiple lectures.
- Those who complete the questionnaire after taking the lecture will have access to the materials and videos used in the class (only possible if the lecturer permits) and issue a participation certificate.
- There is a charge for the certificate issuance course. A certificate of completion approved by Toyo University will be issued if the conditions are met.
(For details, please check from the TOYO Japanese Language Program site.)

In this course, you will learn about Japanese language, cultural knowledge, manners, skills, etc. that are required in business situations.

This is a valuable opportunity to learn from experts in each field about carefully selected topics. It also includes exam preparation for the "BJT Business Japanese Proficiency Test" (Japan Kanji Aptitude Testing Foundation), which will be a great help in job hunting for international students. If you plan to take the BJT exam, this course will be of great use to you.

You can freely choose a lecture you are interested in from all 20 lectures. Do not miss this opportunity to deepen your understanding of business Japanese and culture and use it for your future career development.

SCHEDULE

You can choose between 20 free lectures, delivered by distinguished experts in the respective fields!

OUTLINES

No.	LECTURES	OUTLINE
01	A Practical Exercise in Japanese Business Culture*	Understanding business culture and customs is essential for learning business Japanese. In this lecture, we will introduce the theoretical framework of cultural understanding, and provide explanations and training to acquire cultural knowledge.
02	Japanese Business Etiquette	Every particular business situation calls for a specific set of manners, but how can you tell what it is? This is exactly what you are going to learn from an expert in the field.
03	Honorifics in Business Japanese	There are lots of people who associate business Japanese with Honorifics (Keigo) and find it difficult to use. In this lecture, we will explain the core concept of Keigo and learn how it is described by linguists
04	A Practical Exercise in Business Japanese Expressions*	In this lecture, you will be asked to solve actual BJT test tasks, to deepen your understanding of honorific expressions used in actual business situations. Please take notes.
05	Translation, Interpreting and Business Japanese*	When a foreigner is hired, they are often expected to handle translating and interpreting tasks. The lecture deals with some aspects of the Japanese language particularly relevant to translation and interpreting.
06	What is BJT and How to Prepare for It	The BJT test is for measuring business communication skills. In this lecture, you will learn the features and questioning tendency of the BJT test and how to prepare for it.
07	Better Communication Skills through Grammar Acquisition*	Being able to use Japanese in business situations means not only having linguistic knowledge, but also being able to communicate. In this lecture, we will consider the communication skills that learners should acquire from the perspective of Japanese grammar.
08	A Practical Exercise in Business Japanese Grammar*	In this lecture, you will be asked to solve actual BJT test tasks, to deepen your understanding of grammar expressions used in actual business situations. Please prepare notes.
09	Business Japanese Writing Skills	How to produce a text, relevant to a specific business purpose? You will learn about the basics of Japanese business writing and hear some hints on how to improve your skills.
10	A Practical Exercise in Japanese Business Writing for Highly Advanced Learners*	In this lecture, you will actually be asked to write actual texts, so that you can deepen your understanding of writing activities used in actual business situations. Please make sure you are using a device you can comfortably use for writing.
11	Efficient Japanese Communication	Understanding the communication style of Japanese language is essential for learning business Japanese. In this lecture, we will focus on communicative competence which is required to work in Japanese company, and learn the basic knowledge on how to write logically in Japanese.
12	Business Japanese and the Communicative Approach	Communicative approaches have been a point of discussion since the 1980s and are still very important today, especially in business situations. In this lecture, we will consider business Japanese in reference to the communicative approach and explain effective learning methods.
13	Business Japanese Listening Comprehension	No matter what your job is, understanding what people are saying is an absolute must. The lecture is an opportunity to learn more about listening comprehension in Japanese business situations and improve your skills.
14	A Practical Exercise in BJT Listening Tasks*	In this lecture, you will listen to audio and complete the BJT test tasks, in order to improve your listening skills in actual business situations. Please make sure you have a stable connection.
15	Difficulties in Vocabulary Acquisition and How to Overcome Them*	Japanese is said to have a large vocabulary compared to other languages. In this lecture, you will learn the difficulties in vocabulary acquisition and how to overcome them.
16	A Practical Exercise in Business Japanese Vocabulary	Building upon "Difficulties in Vocabulary Acquisition and How to Overcome Them" the lecture offers an even deeper understanding through solving and analysis of actual BJT test tasks.
17	Business Japanese Reading Comprehension*	What is the difference between understanding business documents in Japanese and academic papers? In this lecture, we will classify the types of business documents used in a business setting and learn how to make sense of the information they contain.
18	A Practical Exercise in BJT Reading Tasks*	Building upon "Business Japanese Reading Comprehension", you will deepen your understanding of reading activities in actual business situations through exercises and explanations. In this lecture, we will read various business articles.
19	Finding a Job and Building a Career in Japan	Business Japanese is not only a matter of language. It is also a matter of how you create your own future career using Japanese. In this lecture, we will talk about career planning for international students based on the current status of job hunting in Japan.
20	General BJT Advice; Preparation Resources and Tools	The BJT test is for measuring business communication skills. In this lecture, you will learn the features and questioning tendency of the BJT test and how to prepare for it.

LECTURER PROFILES

Ryuta USHIKUBO

Toyo University Center for Global Education and Exchange (Associate Professor)

Prof. Ushikubo graduated from Dokkyo University. He learned Japanese language education in the doctoral program at Waseda University and got a PhD (Japanese Language Education). He worked as a deputy chief instructor at an overseas educational institution (Waseda Education Thailand). After returning to Japan, he kept pursuing a career in language education, working as a research assistant at Waseda University and a lecturer at the Kwansei Gakuin University. He is currently teaching Japanese at the Center for Global Education and Exchange, Toyo University. His specialty is qualitative data analysis, teacher research, and classroom research.

Naoko MAEDA

Gakushuin University (Professor)

Graduated from the Faculty of Letters, University of Tokyo. Completed the doctoral program at Osaka University Graduate School and holds a Ph.D in Letters. After working at the International Student Center of University of Tokyo, Professor Maeda has been an assistant professor at Gakusyuin University since April 2002 and a professor since April 2008. In the fields of Japanese language research and Japanese language education research, she has many important treatises, books, and teaching materials. In addition, she has written a book: "Development and Issues of Business Japanese Language Education" (Coco Publishing). Important proposals are being sent out in this field as well.

ANDREEV, Anton

Toyo University Center for Global Education and Exchange(Lecturer)

Holds a MA in Applied Japanese Linguistics from Tohoku University and a Ph.D. in Japanese Linguistics from Bulgaria's leading Sofia University. His research covers phonetics and phonology with an accent on prosody, pragmatics and honorifics in particular, as well as intercultural communication, including foreign learners' attitude toward Japan and its culture. Long-time translator and interpreter, experienced in literary, business and political contexts. (Translator of Kenzaburo Oe's "Death by Water"), Taught for many years at Sofia University (Associate Professor). Currently a Lecturer at Toyo University.

Junko OKUDA

Communica Institute(Principal)

The lecturer has been contributing to the Japanese language education of researchers, working on Japan, diplomats, foreign students and business-people since as early as the mid-seventies. She founded Communica Institute in 1988 in the city of Kobe. The institution teaches Japanese to students, business-people and foreign residents from more than 35 countries. It also offers intercultural communication related instruction to Japanese teachers, managers and employees. Councilor at the Association for the Promotion of Japanese Education, Member of the Board of the The Society for Teaching Japanese as a Foreign Language, Representative Director of the Society for Business Japanese Research, Member of the Board of the Japanese Language Education Support Association, etc.

Keiko HORII
