

Outline of Proposal for SDGs Online Cross-Registration: Online Exchange Program (OEP) focusing on SDGs						
General Information	Name of University/ Institution		DE LA SALLE UNIVERSITY			
	Brief Introduction of the University/Institution		De La Salle University positions itself as a learner-centered and research institution of higher learning, building the foundation of tomorrow's leaders. The University is renowned for its academic excellence, groundbreaking research, and empowering community engagement. Acknowledged as a premier university, it serves as a significant resource for the Philippines and the ASEAN region by developing leaders and achievers in business, public service, education, science and technology, and the arts. Taking on the challenges of a global society, DLSU actively collaborates with international organizations and consortia such as ASEAN University Network, of which it is a founding member. As a Catholic coeducational school founded in 1911 by the Brothers of the Christian Schools, DLSU continues to pursue educational ideals geared towards social transformation and people empowerment.

Program Information	Name of Subject		Environmental Philosophy		Name of Faculty	Dr. Jeane Peracullo
	Name of Department		Department of Philosophy			
	Program Description & syllabus		This course introduces students to the issues and positions in environmental philosophy with special consideration to the classic texts that are representative of major dominant thoughts namely: deep ecology, ecofeminism, social ecology and bioregionalism. The second part of the course explores the current debate in environmental philosophy as well as issues on environmental justice, environmental ethics, and the economic, social, and political impact of environmental problems. The course also exposes students to Philippine environmental movements which can help them formulate contextual reflections informed by Philippine situation.
