Research Plan

(English Track Curriculum)

*Please prepare a research plan **within two pages**, unless otherwise specified.

Examinee number
Do not fill in this field

Name	

Theme*1	

*1 Applicants for the Course of Public-Private Partnership do not need to fill in a research theme. In this course, applicants will gradually refine a research plan by bringing in issues from their actual work and combining these with the knowledge learned in the course. Accordingly, please feel free to write about any issues in your work, what you wish to learn at graduate school, your future plans following completion of graduate school, etc.

*2 If you need an extra page of paper for your research plan, make copies of this form and use them. Please fill in a research theme in the same way as the first page if there are more than two pages.
