Overview	<p><b>About the Programs and Their Purposes</b></p> <p><b>【 Program to Develop the Japanese Language and Multicultural Communication Skills of International Professionals through Intensive Japanese Study (IUEP)】</b></p> <p>Utilizing the scheme of the exchange program, this program is for students aiming for J1 or higher on the BJT Business Japanese Proficiency Test as "highly skilled Japanese professionals". During the study abroad period, in addition to taking regular courses, students can take business Japanese courses, participate in internships (five days to one month) at Japanese companies, NPOs, chambers of commerce, etc., and participate in international student exchange events in order to deepen their understanding of Japanese companies and society.</p> <p><b>【Japan-Korea 3+1 Program】 (only for Korean Universities)</b></p> <p>The Japan-Korea 3+1 Program is a program for Korean students who strongly desire to find a job in Japan after graduation. During the study abroad period, in addition to taking regular courses, students can also take business Japanese courses, participate in internships (five days to one month) at Japanese companies, NPOs, chambers of commerce, etc., and participate in international student exchange events in order to deepen their understanding of Japanese companies and society.</p> <p><b>&lt;Important Notices&gt;</b></p> <p>IUEP will conclude in the 2026 academic year. Please note that fall 2026 is the final intake period for this program.</p> <p>The Japan-Korea 3+1 Program will continue beyond the 2027 academic year, but scholarships and housing support will no longer be provided.</p>

Students can access the certificate on our website and Toyo University Study Abroad Registration System.</li><li>▶ Students who are enrolled at their home institution for the entire period of study at Toyo University.</li><li>▶ If the applicant has studied at Toyo University in the past, the total study period must not exceed one year (including previous time at Toyo).</li></ul>
Application fee Tuition	Students do not need to pay application fees or tuition.

Exchange Period	<p><b>One year (September 2026– August 2027)</b></p> <p><b>*This is a one-year program.</b></p>
Scholarship	<p>-All participating students will receive housing support of 51,000 yen per month. Additionally, selected students will also be eligible for a scholarship of 80,000 yen per month.</p> <p>-One student from each university can receive both the housing support and scholarship. If there are two or more applicants from the same university, only the selected student will be awarded the scholarship. Toyo will make a comprehensive decision during the screening process based on the students' academic performance and reasons for applying. Selection results will be announced at a later date.</p> <p>- The housing support of 51,000 yen is provided only when students live in Toyo's dormitory. If students live in a private apartment, the student will not receive the housing support.</p> <p>- In September 2026 and August 2027, housing support will be provided on a daily basis (1,700 yen per day). The linen fee (2,500 yen per month) is to be paid by the student.</p>
Important considerations	<p><b>Support system</b> - If you need special support or accommodations because of any sort of disability (learning or otherwise), please consult with us early in the application process. A letter from your physician and an accommodation letter from your home university will be required. We will contact you to confirm your situation and determine what kind of support we can provide. We will do our best to accommodate the request. However, please understand that depending on the situation we may not be able to fulfill all requests.</p> <p><b>Affiliated faculty</b> - During your study abroad program, you will be assigned to a faculty at Toyo that may not necessarily match the faculty/department of your home university. The faculty with which you are affiliated has no bearing on the courses you take while at Toyo.</p> <p><b>Academic level</b> - Graduate students who participate in the study abroad program at Toyo are regarded as undergraduate students; however, graduate students who satisfy certain conditions may take some graduate level coursework.</p> <p><b>Change of period of study</b> – <b>After you have submitted your online application, it is not possible to change your period of study (from one semester to one year, or from one year to one semester).</b></p> <p><b>Course list</b> – Not all Toyo courses are available for study abroad students. Study abroad students choose courses from the list of courses for study abroad students at Toyo. The course list will be available about one month before the semester starts.</p> <p><b>After the exchange program</b> – Under the Immigration Control and Refugee Recognition Act, you are required to return to your home country once your period of study has ended, even if you still have time remaining on your "Student" status of residence. For this reason, regardless of the remaining validity of your status of residence, you are expected to return to your home country within approximately two weeks after the completion of your exchange program at Toyo University. Please note that you are not permitted to stay in Japan with the "Student" status of residence once</p>

	<p>your exchange period has concluded.</p> <p>* You may remain in Japan after the end of your study period only for the purpose of participating in the program's internship.</p>

More details about the insurance are provided during orientation sessions to be held upon your arrival. You will apply for NHI during orientation. In addition, we strongly recommend you to make arrangements for voluntary travel insurance in your home country that covers emergencies.</p>

Visa Procedure	
Study abroad students are required to obtain a Certificate of Eligibility (COE) and a visa for entering Japan.	
<ul style="list-style-type: none"> <li>• [Certificate of Eligibility] An email about the application for Certificate of Eligibility (COE) will be sent to the address you provided at the time of application from PUGS (Toyo University's COE Application System) via <a href="mailto:noreply-pugs@tugs.co.jp">noreply-pugs@tugs.co.jp</a> After you submit your completed application for COE through PUGS, the Toyo University Support Office for COE and Status of Residence (TUGS Office) will apply for your COE to the relevant immigration bureau. Once the COE has been issued, they will upload it to PUGS.</li> </ul>	
<p>Please note that the COE application screening process usually takes 2 to 3 months. Once you receive the email, please follow the instructions and complete the required procedures as soon as possible.</p>	
<ul style="list-style-type: none"> <li>• [Visa] A visa should be obtained in a Japanese diplomatic office in your home country.</li> </ul>	
For details, please check the link below.	
<a href="https://www.toyo.ac.jp/academics/international-exchange/enroll/immigration_visa/pre-enrollment/">https://www.toyo.ac.jp/academics/international-exchange/enroll/immigration_visa/pre-enrollment/</a>	
<p><b>Certificate of Eligibility (COE)</b></p>	<p>You need to present your COE when you apply for a visa at a Japanese diplomatic office in your country. The COE becomes invalid unless you apply for landing (entry into Japan) within three months of its issuance.</p> <p>* The Certificate of Eligibility verifies, at the time of landing screening, that the activity in which a foreigner wishes to engage in Japan is not false and that the activity matches landing qualifications such as being an activity stipulated by a relevant status of residence under the immigration law (except the status of residence for short-time [three months] visitors). This document is issued by a regional immigration bureau under the jurisdiction of the Ministry of Justice to foreign nationals in advance of their arrival in Japan.</p>
<p><b>Financial Supporting Documents</b></p>	<p>In order to obtain the COE, you are required to submit proof (in the form of bank statements, certificates of scholarships, etc.) that you can support yourself financially with the equivalent of 150,000 JPY per month for your study period.</p>
<p><b>Visa</b></p>	<p>A visa is issued at a Japanese diplomatic office in your country. You are expected to enter Japan within three months of the issuance of the visa. The visa you will obtain is valid either for one year or 6 months, allowing you to enter Japan multiple times during your stay.</p>

	<p>* A visa signifies the judgment that a foreigner wishing to enter Japan has been deemed suitable to enter and stay in Japan. Please be aware that a visa does not guarantee the permission of entry (stay), but is deemed as one of the requirements for landing application at the port of entry (airport/seaport). As in many countries, Japan has a system in which a foreigner wishing to enter Japan is required to have permission from immigration offices, i.e. the said Certificate of Eligibility, in addition to a visa.</p>
Immigration Inspection (Entry Procedures)	<p>Immigration inspection is the process that foreign travellers must complete in order to be legally admitted into Japan upon arrival. The following is an overview of the procedure and the documents you will need.</p> <p><b>Required Documents:</b></p> <ul style="list-style-type: none"> <li>· A valid passport with your Student Visa (visa sticker)</li> <li>· Certificate of Eligibility (COE): please print it out in advance and bring it with you</li> <li>· Embarkation/Disembarkation Card for Foreigners (ED Card): distributed on the airplane; not required if you have completed registration through “Visit Japan Web” beforehand</li> </ul> <p><b>Procedures at the Immigration Inspection Area:</b></p> <ul style="list-style-type: none"> <li>· Present your passport and required documents</li> <li>· Undergo fingerprinting and facial photograph</li> <li>· Answer simple questions from the immigration officer regarding the purpose of your stay and your accommodation in Japan</li> </ul> <p><b>Issuance of the Residence Card:</b></p> <p>At immigration inspection, an “Landing Permission” sticker will be placed in your passport, and your Residence Card will be issued on the spot. Once you have secured your place of residence in Japan, you must take your Residence Card to the local municipal office and complete your resident registration <b>within 14 days</b>.</p>

<p><b>Designated Date of Your Arrival in Japan</b></p> <p>Study abroad students are informed of the designated date of arrival in Japan when they receive their letter of acceptance. It is not permissible to use the dormitories before the designated date or to be absent from any orientation session due to late arrival in Japan.
