WHAT YOU CAN DO

Intensive Japanese Language Classes

We can set any level from zero beginner to advanced, depending on students' needs. About 12-15 lessons (90mins) can be included in our two-week program. Toyo's professional teachers will design the learning contents of the program.

Japanese Cultural Learnings and Experiences

The program consists of theoretical learning on Japanese culture (about 3-5 lessons [90 minutes] for 2 weeks) and practical experiences of Japanese culture. Participants will have many chances to enjoy Japanese culture through site visits and activities on campus.

Interactions with Toyo Students

This program will have a lot of opportunities for students to interact with Toyo students. They will join the welcome and farewell parties, accompany students on site visits, and join some Japanese language classes as language partners.

WHERE YOU STAY

AI-House HUB 4 (Toyo's Dormitory)

Participants will be able to stay in Toyo University's international dormitory, "AI-House HUB 4". The dormitory is located in Akabanedai, 30-40 minutes away from Hakusan Campus. AI-House HUB 4 has various open spaces to facilitate communication and interactions among residents, and all students have their own private room.

Meals (breakfast and dinner) are included if you stay during a semester.

Toyo University can arrange hotel accommodations if a client prefers that, or if spots at AI-House HUB 4 are not available.
